From the board audit, in March of 2013, we gained knowledge that the Unity North Chant Ministry should consider changing its name to avoid financial conflict and responsibility to or from Unity North Spiritual Center. The name change has been decided on, but not yet completely implemented. Given that it is performing older fundamentalist hymns in service to seniors, we think best not to tie Unity to such practices. We continue to compose more chants and a new cd is inevitable. We serve the healing service on the fourth Sunday of the even months.
