

## **NURSERY REPORT**

Plans for the upcoming year for the Nursery include purchasing a new kitchenette, which is in much need of replacement. One of the blessings of working in the Nursery is caring for our very young friends - - we watch them grow into the 4 year old class and then on from there. We currently have so much fun playing with Serena Italiano and continue to hold the vision of welcoming many new babies and toddlers into our room. The Nursery is blessed with loving and joyful volunteers - - Ximena and the YOUers! Thank you!
