“Walking my own path to the Divine has been an initiation into my power. It is a path that calls each one of us to our destiny for it is the spiritual journey that we all take, even in spite of ourselves. It is essential at this time that we consciously understand the path to enlightenment for the sake of our species and our Earth. We have the power to give birth to a universal humanity that is awake to its oneness. It is our calling and responsibility, and each of us must walk our own path of awakening.”... Kathy McCall, *The Unorthodox Life: Walking Your Own Path to the Divine*, p. ii
