

AN OVERVIEW OF  
*The New Testament*  
with Rhonda Italiano, LUT

**Mondays: Jan. 3 through Feb. 28th • 7-8:30 PM CST**  
**Online via Zoom | No class on February 14th**

**Love Offering**

We will begin with a broad overview of the New Testament. From there, we will take a look at some of the books themselves. Many of the books we have in our canon came from letters. How did that happen?

We will look at the four gospels in the New Testament, along with some gospels that did not make the cut. We will investigate how the different books of the New Testament were circulated, copied, and altered. How do we interpret scripture?

Join us for this 8-week class. We will tackle questions such as: What is included in the New Testament? Who wrote which books? When did they come together as an approved collection?
